TL;DR

Twitter taught Microsoft's AI chatbot to be a racist asshole in less than a day

By James Vincent on March 24, 2016 06:43 am ♥ @jjvincent

What do you think of this behaviour?

How should an OS respond to love?

Six angles of quality for robotics

- Mechanical
- Electrical
- Information Processing
- Machine Intelligence
- Business Impact
- Social Impact ← ethics

Ethics, definition:

**Moral principles
that govern
a person's behaviour
or the conducting of an activity.**
