8. Samenvatting

The collage consists of four distinct images arranged in a 2x2 grid. The top-left image is a speedometer with a needle pointing towards the 'PREVENTION LEVEL' mark, which is highlighted in red. The top-right image is a word cloud centered around the words 'REQUIREMENTS' and 'MANAGEMENT', with other terms like 'Security', 'Scope', and 'Budget' visible. The bottom-left image shows several black chess pieces on a checkered board, with a king piece prominently in the foreground. The bottom-right image is a circular diagram representing a process flow, with segments labeled 'Develop', 'Release Management', 'Operate', 'Measure', 'Plan', 'Dev', 'Automated Test', and 'Build'.
