TestNet Zomer Workshop.  
**Maandag 10 juli 2017.**

WE TEST SMARTER. WE TEST DEEPER.

ooo-----  
**HAYSTAQ**

Rondje langs de velden.

Wat jullie gaan doen.

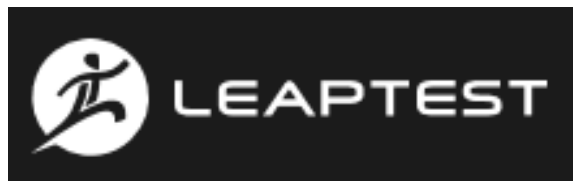

**Op een volwassen manier  
testautomatisering implementeren.**

## Voorbereiding.

## Onze toolkeuze.

## Het eerste testgeval.

Start de demo webshop en controleer of deze correct opgestart is.

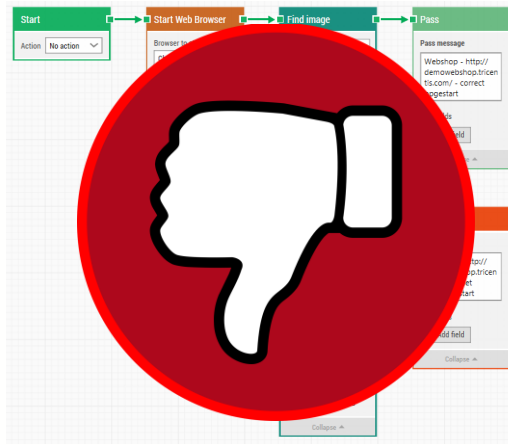

## Start de webshop.

The screenshot displays a test suite with the following steps:

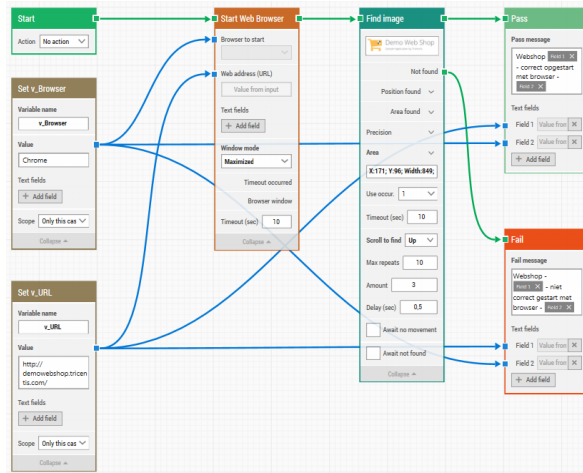

- Fail:** Fail message: Webshop - http://demo webshop.tricentis.com - niet correct gestart. Text fields: + Add field.
- Start Web Browser:** Browser to start: Chrome. Web address (URL): http://demo webshop.tricentis.com/. Expand.
- Start:** Action: No action.
- Pass:** Pass message: Webshop - http://demo webshop.tricentis.com - correct opgestart. Text fields: + Add field.
- Find image:** Demo Web Shop. Not found. Position found: Area found. Precision: Area: X:171, Y:56, Width:849. Use occur: 1. Timeout (sec): 10. Scroll to find: Up. Max repeats: 10. Amount: 3. Delay (sec): 0.5.  Await no movement. Timeout (sec): 3.  Await not found.

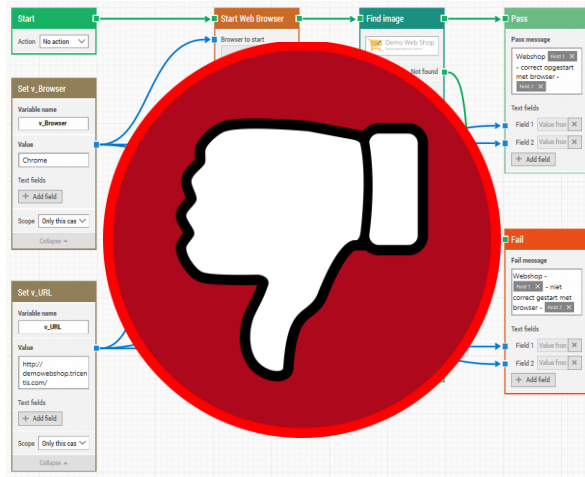

## Is het script goed onderhoudbaar?

## Parameters.

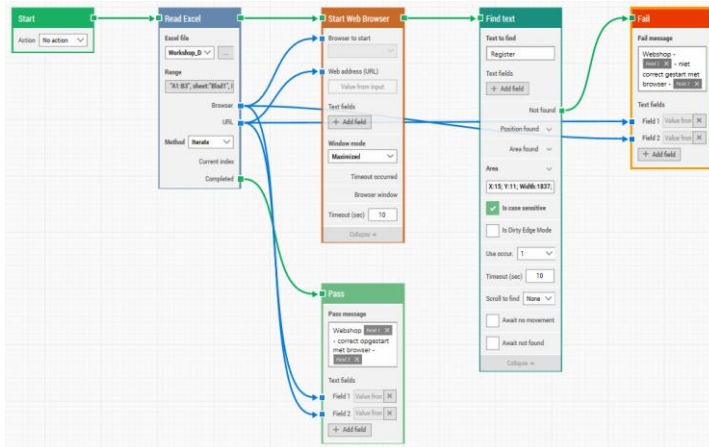

## Is het script flexibel?

WE TEST SMARTER. WE TEST DEEPER.

**HAYSTAQ**

## Data Driven.

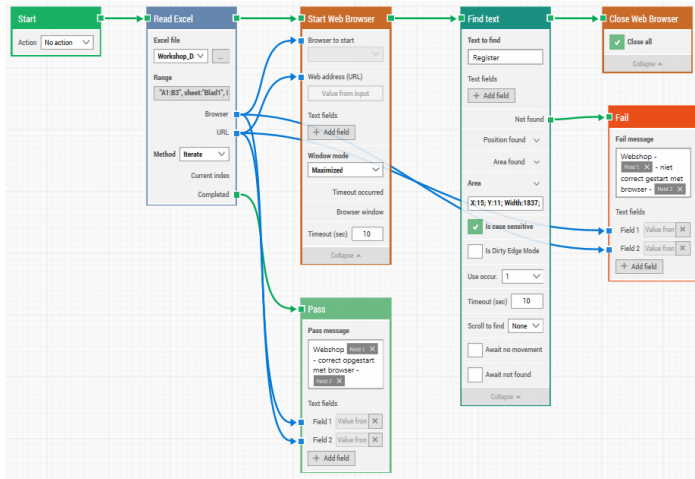

WE TEST SMARTER. WE TEST DEEPER.

**HAYSTAQ**

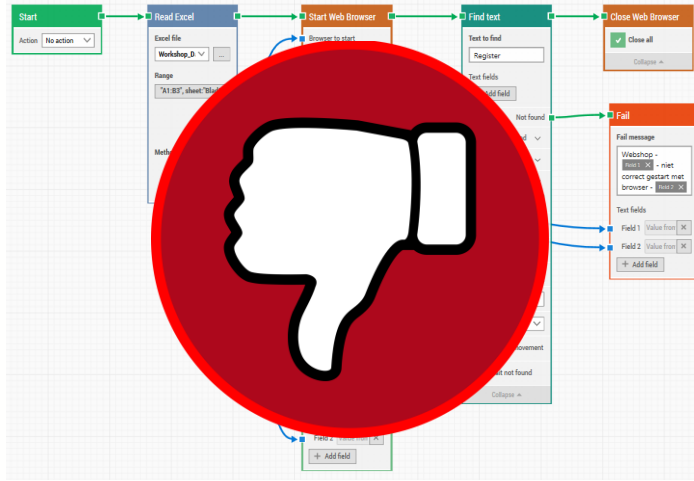

## Is het script netjes herhaalbaar?

## Stateless.

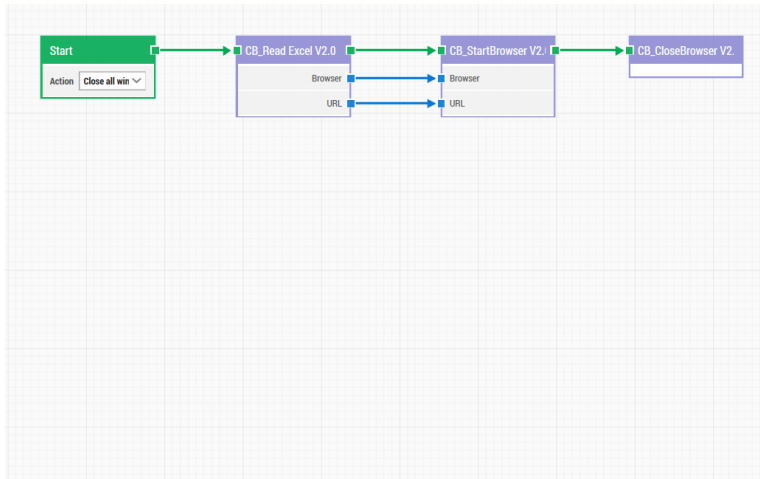

## Is het script goed onderhoudbaar?

WE TEST SMARTER. WE TEST DEEPER.
